

The MovinCool Office Pro 12 portable air-conditioner is specifically designed for offices filled with heat generating electronics. Computers, networks, communications and office equipment will shut down when the temperature rises, crippling daily operations. By bringing spot air-conditioning to just the area or room that needs it, the Office Pro saves money while protecting your company's investment in equipment and customers. Self-contained and portable, the Office Pro 12 requires no costly installation - simply roll it in, plug it in and turn it on.

Office Pro 12
